### **Event Description:**

Are you interested in research career at Academia Sinica, one of the world's best research institutions in Taiwan?

President James C. Liao, Academia Sinica, along with vice presidents and directors are visiting the United States in early August to recruit outstanding faculty, postdocs, and graduate students. This is a great opportunity to learn about the current development and research environment as well as job opportunities in this highest research institute in Taiwan. You will also have the opportunity to bring up your questions and have a face-to-face discussion with the AS representatives. The meeting aims at providing a platform for interaction between AS representatives and researchers, postdoctoral fellows and students. We welcome researchers, from both academia and industry, who are interested in positions in Academia Sinica.
